

At a glance

- Staking services enable our clients to earn rewards on Proof-of-Stake protocols including Ethereum, Polkadot and Tezos, and to benefit from very attractive and competitive pricing models
- Platform addresses growing market demand for digital asset yield and earning services for institutional clients

Your Bank for the New Economy

At SEBA Bank, we link profound knowledge and in-depth expertise of investment products to deliver a broad range of investment solutions for cryptocurrencies and digital assets.

Founded in April 2018 and headquartered in Zug, SEBA Bank is a pioneer in the financial industry and is the only global smart bank providing a fully universal suite of regulated banking services in the emerging digital economy. In August 2019, SEBA Bank received a Swiss banking and securities dealer licence, and in September 2021 the CISA licence – the first time a reputed, regulatory authority such as FINMA has granted such licences to a financial services provider with a core capability in digital assets. In February 2022 SEBA Bank secured the Financial Services Permission from Abu Dhabi Global Market and opened an office in Abu Dhabi.

Redefining Finance for the New Economy

SEBA Ethereum Staking

Institutional Access to Ethereum Staking

In light of the upcoming Ethereum merge (The Merge), SEBA Bank supports its clients to earn rewards at their own discretion by offering them a convenient and integrated way to use their Ethereum. In addition, SEBA Bank clients will benefit from a very attractive and competitive pricing.

How clients can stake their tokens?

- Clients shall agree to the Staking Terms & Conditions
- Clients can contact their Client Manager to stake and unstake ETH
- Staked ETH will be locked-up until the final Ethereum 2.0 network upgrade is completed
- Minimum stake of 32 ETH (or batches of 32 ETH)

When do clients receive rewards?

- Clients receive rewards on a monthly basis. The staking rewards are paid on the client's staking account
- Staking rewards will be locked until the final Ethereum 2.0 network upgrade is completed

Pricing schedule

Staking rewards fees 12.5% on rewards

Important note

Unlike other supported PoS protocols, staked ETH and ETH staking rewards will be locked up until the final Ethereum 2.0 network upgrade is completed. This upgrade may take several months or years to complete or may never be completed. SEBA Bank has no control whatsoever over this process. In the event the final Ethereum 2.0 network upgrade is delayed or cannot be completed, you may be unable to access, withdraw or sell your ETH indefinitely.

Disclaimer

This document has been prepared by SEBA Bank AG ("SEBA") in relation to its activities in Switzerland. SEBA is a Swiss bank and securities dealer with its head office and legal domicile in Switzerland. It is authorized and regulated by the Swiss Financial Market Supervisory Authority (FINMA). This document is for your information only and is not intended as an offer, or a solicitation of an offer, to buy or sell any investment or other specific product. The information contained herein does not constitute a personal recommendation or take into account particular investment objectives, investment strategies, financial situation and needs of any specific recipient. Certain products and services of SEBA are not accessible to residents and/or nationals of certain countries. Certain services and products are subject to legal restrictions and cannot be offered on an unrestricted basis and/or may not be eligible for sale to certain investors. Recipients are therefore asked to consult the sales restrictions relating to products or services in question for further information. Furthermore, recipients may consult their legal/tax advisors should they require any clarifications.

Are staking rewards guaranteed?

- No, SEBA Bank does not guarantee any specific staking reward or any return on staking overtime
- SEBA Bank receives rewards from the staking protocol on the client's behalf
- These rewards are then distributed net of SEBA Bank's fees to clients by crediting their respective staking account
- The staking rewards credited to clients may differ from the ones generated by the protocol
- The applicable percentage of the staking reward is an estimate only and does not constitute a guarantee

Does SEBA Bank involve any risks for clients?

- Yes, staking services involve some specific risks: slashing penalties, node downtime, critical bugs among others
- The client agrees and acknowledges these risks with the acceptance of the Staking Terms & Conditions
